

Arizona Kodály Teachers Society Welcomes

Organization of American Kodály Educators
MUSIC FOR EVERYONE

Topic: *Singing Games for
Upper Elementary Students*

Children + play + music = singing games!

What makes a good game for upper elementary students? Where can the games be found? In addition to playing games, we will determine the game characteristics that work for older students, look closely at how to sequence instruction, and watch some video of kids playing games.

Christopher has taught K-5 elementary music in Seattle for 13 years, and is a doctoral student in music education at the University of Washington. He is an active music clinician, having presented sessions at both OAKE and AOSA national conferences, and for music teachers in several states.
